

Control Valve Services

Steam Management, Inc. (SMI) is a proven and trusted services provider that works in partnership with clients to reduce energy losses, decrease utility expenses and increase efficiencies

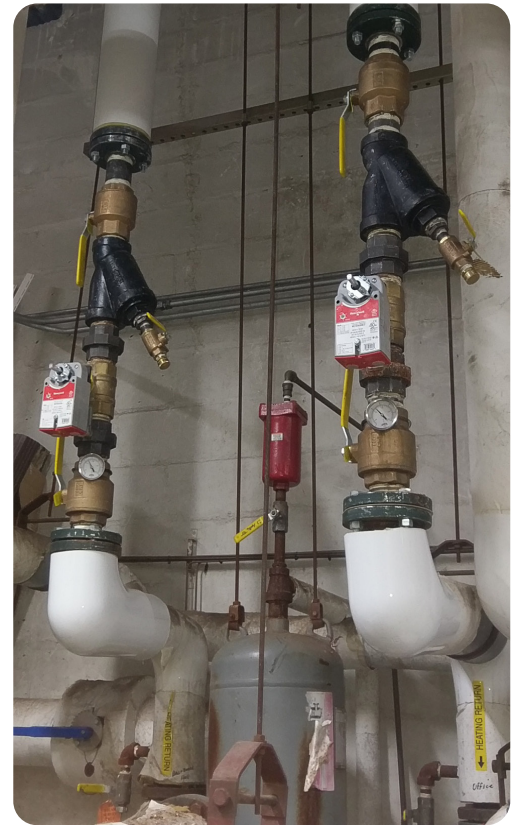

We provide seamless turnkey installation upgrades for all mediums and all size valves at competitive pricing. We help ESCOs and BMS integrators lower the per point cost for complex ESPC projects.

How We Keep Your Costs Down:

- √ We price installation for production
- √ We oversee production with full-time onsite project management
- √ We use a software platform to manage surveys, inventories and installation for faster data integration

Key Benefits to Partnering with SMI

- + Costs 40%-50% lower than typical market costs
- + Bundled solutions with a trusted partner
- + Reliable commissioning services
- + End to end support from survey to warranty
- + Turnkey full-time onsite management
- + One-stop shopping for valves, insulation and steam traps helping to keep your cost down
